

PROFESSIONAL SUMMARY

Frontend Developer with 4+ years of experience designing and building responsive, performance-driven, and visually engaging websites. Specialized in WordPress and Shopify development with strong proficiency in HTML5, CSS3, JavaScript, PHP, and React.js/Next.js. Proven track record delivering eCommerce platforms, corporate websites, and CMS-driven solutions across legal, retail, education, and consultancy sectors — translating mockups into pixel-perfect interfaces, integrating third-party tools, and optimizing performance and SEO.

EXPERIENCE

- Frontend Developer

Mar 2023 — Present

Softles · Gurugram, Haryana · Remote

 - Develop and maintain dynamic, high-performance websites using HTML, CSS, JavaScript, and PHP, ensuring fast load times and smooth user experiences.
 - Build responsive layouts and reusable UI components, improving development efficiency and code consistency across projects.
 - Customize WordPress themes and Shopify templates to align with diverse client requirements and brand guidelines.
 - Integrate third-party plugins and APIs — HubSpot, LeadSquared, and payment gateways — enhancing site functionality and lead capture.
 - Partner closely with designers and stakeholders to convert UI/UX mockups into pixel-accurate, fully functional web pages.
- WordPress & Shopify Developer

Sep 2022 — Feb 2023

Chulbul Design · Gurugram, Haryana · Remote

 - Built eCommerce websites on Shopify and WordPress, delivering tailored solutions to meet client business needs.
 - Managed end-to-end client requirements and customized themes through custom coding and configuration.
 - Designed and developed SEO-friendly product and landing pages to improve organic visibility and conversions.
 - Diagnosed and resolved bugs, and maintained plugins, databases, and site performance for ongoing client sites.
